

Fishery Conservation and Management

§ 660.113

(9) Transfer catch from a single haul to more than one permitted MS vessel.

(10) Catch, take, or harvest fish for a MS coop with a vessel that has not been identified by the coop as a vessel authorized to harvest that coop's allocation.

(11) Catch, take, or harvest fish in the non-coop fishery with a vessel registered to an MS/CV-endorsed permit in the same year the MS/CV-endorsed permit was registered to a vessel that fished as a member of a coop in the MS Coop Program.

(12) Sort or discard any portion of the catch taken by a catcher vessel in the mothership sector before the catcher vessel observer completes sampling of the catch, except for minor operational amounts of catch lost by a catcher vessel provided the observer has accounted for the discard (i.e., a maximized retention fishery).

(13) Mix catch from more than one haul before the observer completes their collection of catch for sampling.

(14) Take deliveries without a valid scale inspection report signed by an authorized scale inspector on board the vessel.

(15) Sort, process, or discard catch delivered to a mothership before the catch is weighed on a scale that meets the requirements of § 660.15(b), including the daily test requirements.

(e) *C/P Coop Program.* (1) Fish with a vessel in the catcher/processor sector that is not registered to a current C/P-endorsed limited entry trawl permit.

(2) Fish as a catcher/processor vessel in the same year that the vessel fishes as a catcher vessel in the mothership fishery.

(3) Fish as a catcher/processor vessel in the same year that the vessel operates as a mothership in the mothership fishery.

(4) Fish in the C/P Coop Program with a vessel that does not have a valid VMS declaration for limited entry midwater trawl, Pacific whiting catcher/processor sector, as specified at § 660.13(d)(5)(iv)(A).

(5) Fish in the C/P Coop Program with a vessel that is not identified in the C/P coop agreement.

(6) Fish in the C/P Coop Program without a valid scale inspection report

signed by an authorized scale inspector on board the vessel.

(7) Sort, process, or discard catch before the catch is weighed on a scale that meets the requirements of § 660.15(b), including the daily test requirements.

(8) Discard any catch from the codend or net (i.e. bleeding) before the observer has completed their data collection.

(9) Mix catch from more than one haul before the observer completes their collection of catch for sampling.

[75 FR 60897, Oct. 1, 2010, as amended at 75 FR 78384, Dec. 15, 2010; 76 FR 53837, Aug. 30, 2011]

§ 660.113 Trawl fishery—record-keeping and reporting.

General groundfish recordkeeping and reporting requirements are defined at § 660.13, subpart C. The following recordkeeping and reporting requirements are in addition to those and are specific to the limited entry trawl fisheries.

(a) *General requirements.* (1) All records or reports required by this paragraph (a) must: be maintained in English, be accurate, be legible, be based on local time, and be submitted in a timely manner.

(2) *Retention of Records.* All records used in the preparation of records or reports specified in this section or corrections to these reports must be maintained for a period of not less than three years after the date of landing and must be immediately available upon request for inspection by NMFS or authorized officers or others as specifically authorized by NMFS. Records used in the preparation of required reports specified in this section or corrections to these reports that are required to be kept include, but are not limited to, any written, recorded, graphic, electronic, or digital materials as well as other information stored in or accessible through a computer or other information retrieval system; worksheets; weight slips; preliminary, interim, and final tally sheets; receipts; checks; ledgers; notebooks; diaries; spreadsheets; diagrams; graphs; charts; tapes; disks; or computer printouts. All relevant records used in the preparation of electronic fish ticket reports or corrections to these reports must be maintained for a

period of not less than three years after the date and must be immediately available upon request for inspection by NMFS or authorized officers or others as specifically authorized by NMFS.

(b) *Shorebased IFQ Program.* (1) *Economic data collection (EDC) program.* The following persons are required to submit an EDC form as specified at § 660.114:

(i) All owners, lessees, and charterers of a catcher vessel registered to a limited entry trawl endorsed permit.

(ii) All owners of a first receiver site license.

(iii) All owners and lessees of a shorebased processor.

(2) *Electronic vessel logbook.* [Reserved]

(3) *Gear switching declaration.* Any person with a limited entry trawl permit participating in the Shorebased IFQ Program using groundfish non-trawl gear (i.e., gear switching) must submit a valid gear declaration reporting such participation as specified in § 660.13(d)(5)(iv)(A).

(4) *Electronic fish ticket.* The IFQ first receiver is responsible for compliance with all reporting requirements described in this paragraph.

(i) *Required information.* All IFQ first receivers must provide the following types of information: Date of landing, vessel that made the delivery, vessel account number, gear type used, catch area, first receiver, actual weights of species landed listed by species or species group including species with no value, condition landed, number of salmon by species, number of Pacific halibut, and any other information deemed necessary by the Regional Administrator as specified on the appropriate electronic fish ticket form.

(ii) *Submissions.* The IFQ first receiver must:

(A) Include as part of each electronic fish ticket submission, the actual scale weight for each groundfish species as specified by requirements at § 660.15(c) and the vessel identification number.

(B) Use for the purpose of submitting electronic fish tickets, and maintain in good working order, computer equipment as specified at § 660.15(d)(1);

(C) Install, use, and update as necessary, any NMFS-approved software described at § 660.15(d)(3);

(D) Submit a completed electronic fish ticket for every IFQ landing no later than 24 hours after the date the fish are received, unless a waiver of this requirement has been granted under provisions specified at paragraph (b)(4)(iv) of this section.

(iii) *Revising a submission.* In the event that a data error is found, electronic fish ticket submissions may be revised by resubmitting the revised form. Electronic fish tickets are to be used for the submission of final data. Preliminary data, including estimates of fish weights or species composition, shall not be submitted on electronic fish tickets.

(iv) *Waivers for submission.* On a case-by-case basis, a temporary written waiver of the requirement to submit electronic fish tickets may be granted by the Assistant Regional Administrator or designee if he/she determines that circumstances beyond the control of a first receiver would result in inadequate data submissions using the electronic fish ticket system. The duration of the waiver will be determined on a case-by-case basis.

(v) *Reporting requirements when a temporary waiver has been granted.* IFQ First receivers that have been granted a temporary waiver from the requirement to submit electronic fish tickets must submit on paper the same data as is required on electronic fish tickets within 24 hours of the date received during the period that the waiver is in effect. Paper fish tickets must be sent by facsimile to NMFS, Northwest Region, Sustainable Fisheries Division, 206–526–6736 or by delivering it in person to 7600 Sand Point Way, NE., Seattle, WA 98115. The requirements for submissions of paper tickets in this paragraph are separate from, and in addition to existing state requirements for landing receipts or fish receiving tickets.

(c) *MS Coop Program (coop and non-coop fisheries)*—(1) *Economic data collection (EDC) program.* The following persons are required to submit a complete economic data collection form as specified at § 660.114.

(i) All owners, lessees, and charterers of a catcher vessel registered to a limited entry trawl MS/CV-endorsed permit.

(ii) All owners, lessees, and charterers of a vessel registered to an MS permit.

(2) *NMFS-approved scales*—(i) *Scale test report form*. Mothership vessel operators are responsible for conducting scale tests and for recording the scale test information on the at-sea scale test report form as specified at § 660.15(b), subpart C, for mothership vessels.

(ii) *Printed scale reports*. Specific requirements pertaining to printed scale reports and scale weight print outs are specified at § 660.15(b), subpart C, for mothership vessels.

(iii) *Retention of scale records and reports*. The vessel must maintain the test report form on board until the end of the fishing year during which the tests were conducted, and make the report forms available to observers, NMFS staff, or authorized officers. In addition, the vessel owner must retain the scale test report forms for 3 years after the end of the fishing year during which the tests were performed. All scale test report forms must be signed by the vessel operator.

(3) *Annual coop report*—(i) The designated coop manager for the mothership coop must submit an annual report to the Council for its November meeting each year. The annual coop report will contain information about the current year's fishery, including:

(A) The mothership sector's annual allocation of Pacific whiting and the permitted mothership coop allocation;

(B) The mothership coop's actual retained and discarded catch of Pacific whiting, salmon, Pacific halibut, rockfish, groundfish, and other species on a vessel-by-vessel basis;

(C) A description of the method used by the mothership coop to monitor performance of coop vessels that participated in the fishery;

(D) A description of any actions taken by the mothership coop in response to any vessels that exceed their allowed catch and bycatch; and

(E) Plans for the next year's mothership coop fishery, including the

companies participating in the cooperative, the harvest agreement, and catch monitoring and reporting requirements.

(ii) The annual coop report submitted to the Council must be finalized to capture any additional fishing activity that year and submitted to NMFS by March 31 of the following year before a coop permit is issued for the following year.

(4) *Cease fishing report*. As specified at § 660.150(c)(4)(ii), the designated coop manager, or in the case of an inter-coop agreement, all of the designated coop managers must submit a cease fishing report to NMFS indicating that harvesting has concluded for the year.

(d) *C/P Coop Program*—(1) *Economic data collection (EDC) program*. All owners, lessees, and charterers of a vessel registered to a C/P-endorsed limited entry trawl permit are required to submit a complete economic data collection form as specified at § 660.114.

(2) *NMFS-approved scales*—(i) *Scale test report form*. Catcher/processor vessel operators are responsible for conducting scale tests and for recording the scale test information on the at-sea scale test report form as specified at § 660.15(b), subpart C, for C/P vessels.

(ii) *Printed scale reports*. Specific requirements pertaining to printed scale reports and scale weight print outs are specified at § 660.15(b), subpart C, for C/P vessels.

(iii) *Retention of scale records and reports*. The vessel must maintain the test report form on board until the end of the fishing year during which the tests were conducted, and make the report forms available to observers, NMFS staff, or authorized officers. In addition, the vessel owner must retain the scale test report forms for 3 years after the end of the fishing year during which the tests were performed. All scale test report forms must be signed by the vessel operator.

(3) *Annual coop report*—(i) The designated coop manager for the C/P coop must submit an annual report to the Council for its November meeting each year. The annual coop report will contain information about the current year's fishery, including:

(A) The C/P sector's annual allocation of Pacific whiting;

§ 660.114

50 CFR Ch. VI (10–1–11 Edition)

(B) The C/P coop's actual retained and discarded catch of Pacific whiting, salmon, Pacific halibut, rockfish, groundfish, and other species on a vessel-by-vessel basis;

(C) A description of the method used by the C/P coop to monitor performance of cooperative vessels that participated in the fishery;

(D) A description of any actions taken by the C/P coop in response to any vessels that exceed their allowed catch and bycatch; and

(E) Plans for the next year's C/P coop fishery, including the companies participating in the cooperative, the harvest agreement, and catch monitoring and reporting requirements.

(ii) The annual coop report submitted to the Council must be finalized to capture any additional fishing activity that year and submitted to NMFS by March 31 of the following year before a coop permit is issued for the following year.

(4) *Cease fishing report.* As specified at § 660.160(c)(5), the designated coop manager must submit a cease fishing report to NMFS indicating that harvesting has concluded for the year.

[75 FR 60897, Oct. 1, 2010, as amended at 75 FR 78385, Dec. 15, 2010; 76 FR 53837, Aug. 30, 2011]

§ 660.114 Trawl fishery—economic data collection program.

(a) *General.* The economic data collection (EDC) program collects mandatory economic data from participants in the trawl rationalization program. NMFS requires submission of an EDC form to gather ongoing, annual data for 2011 and beyond, as well as a one-time collection in 2011 of baseline economic data from 2009 through 2010.

(b) *Economic data collection program requirements.* The following fishery participants in the limited entry groundfish trawl fisheries are required to comply with the following EDC program requirements:

Fishery participant	Economic data collection	Who is required to submit an EDC?	Consequence for failure to submit (In addition to consequences listed below, failure to submit an EDC may be a violation of the MSA.)
(1) Limited entry trawl catcher vessels.	(i) Baseline (2009 and 2010) economic data.	All owners, lessees, and charterers of a catcher vessel registered to a limited entry trawl endorsed permit at any time in 2009 or 2010.	(A) For permit owner, a limited entry trawl permit application (including MS/CV-endorsed limited entry trawl permit) will not be considered complete until the required EDC for that permit owner associated with that permit is submitted, as specified at § 660.25(b)(4)(i), subpart C. (B) For a vessel owner, participation in the groundfish fishery (including, but not limited to, changes in vessel registration, vessel account actions, or if own QS permit, issuance of annual QP or IBQ pounds) will not be authorized until the required EDC for that owner for that vessel is submitted, as specified, in part, at § 660.25(b)(4)(v), subpart C and § 660.140(e), subpart D. (C) For a vessel lessee or charterer, participation in the groundfish fishery (including, but not limited to, issuance of annual QP or IBQ pounds if own QS or IBQ) will not be authorized, until the required EDC for their operation of that vessel is submitted.
